

GENIE: SECRET of the WILD CHILD

After watching the documentary and reading Chapter 8, respond to the following prompts.

Note: You must hand write your responses. Responses must be thoughtful and detailed.

1. Describe 3 developmental issues or problems exhibited by Genie.
2. Describe Genie's overall development using one of the developmental theories discussed in your text.
3. Describe 3 problems with either the methods or the ethics of the research approach used to study Genie.
4. Describe your reaction to the case and any questions that are raised for you.
